

## DRUM MIXING SOLUTIONS MMX SERIES

At Dynamix, we provide you with a **solution**, not just a mixer.

# MMX SERIES LIGHT DUTY CLAMP MOUNT

Designed for open drum applications, the MMX Clamp Mount mixer allows you to mount your mixer directly to the side of a small tank or drum. Our clamp is indexed so that it can lock the mixer at various angles. This flexibility allows you to address any deadspots that may occur in challenging applications.

Available with single or dual 4" to 5" marine propellers.
